Key Facts Companies

Corporate Taxation

Jersey introduced a general rate of corporate income tax of 0% for companies incorporated or first becoming resident in Jersey from 3 June 2008 and such companies will not be permitted to elect for the previous exempt company status regime. However, companies holding exempt company status prior to 3 June 2008 will maintain that status until 31 December 2008, but thereafter the 0% rate applies to them.

The Zero Rate

A company which is resident in Jersey or which has a permanent establishment in Jersey is charged tax in Jersey at the rate of 0% unless it is:

- A financial services company (a Jersey Financial Services Commission licenced financial services company such as a trust company or a bank would be charged tax at 10%); or
- A specified utility company (an electricity, gas or water company based in Jersey would be charged tax at 20%)
- A rental or property development company (rental income or property development profits from Jersey based assets would be charged tax at 20%)

A company is regarded as resident in Jersey if it is incorporated in Jersey or its business is managed and controlled in Jersey unless:

- It is managed and controlled outside Jersey in a country or territory where the highest rate at which the company may be charged to tax on any part of its income is 20% or higher; and
- It is resident for tax purposes in that country or territory.

Goods & Services Tax - GST

The Goods and Services Tax (Jersey) Law 2007 introduced a goods and services tax in Jersey with

effect from 6 May 2008. GST is a sales tax on the domestic consumption of imported and Jersey produced goods and services, and is paid at 5% of their value at the time they are sold or exchanged.

GST is aimed at individual consumers in Jersey and is not intended to be a tax on business, therefore a special regime applicable to 'International Service Entities' (ISEs) has been introduced by the law. ISE status enables an entity to sit outside the scope of GST and as such does not have to pay, charge, register or account for GST. ISE status can be obtained by a Jersey trust company through an annual registration and fee payment process. The Jersey Comptroller of Income Tax will maintain a list of ISEs however the trust company will maintain its own private list of the eligible entities administered by it which will also obtain ISE status.

Limited Partnerships

The Limited Partnerships (Jersey) Law, 1994 governs the establishment of limited partnerships in Jersey. Limited partnerships are a frequently used legal structure which offer partners the dual advantages of fiscal transparency and limited liability for limited partners. Particular features of the Jersey Limited Partnership legislation include:

- No limitation on the number of limited partners.
- The Collective Investment Funds (Jersey) Law 1988 governs the public offering of limited partnership interests.
- Identity of a general partner is available in the public record.
- Identities of limited partners are not available for public inspection.
